

VIEW

VIRTUAL IMAGING EVALUATION WORKSPACE

VIEW Consortium

- **Response to need for image core lab service to NCI cooperative groups**
- **Funded through an RFA issued to cooperative groups**
- **Consortium made up of CALGB, ACRIN and QARC**
 - Harmonized operations/interoperable IT structure
- **NCI to provide infrastructure support**
- **Persistent funding on a fee for service model**

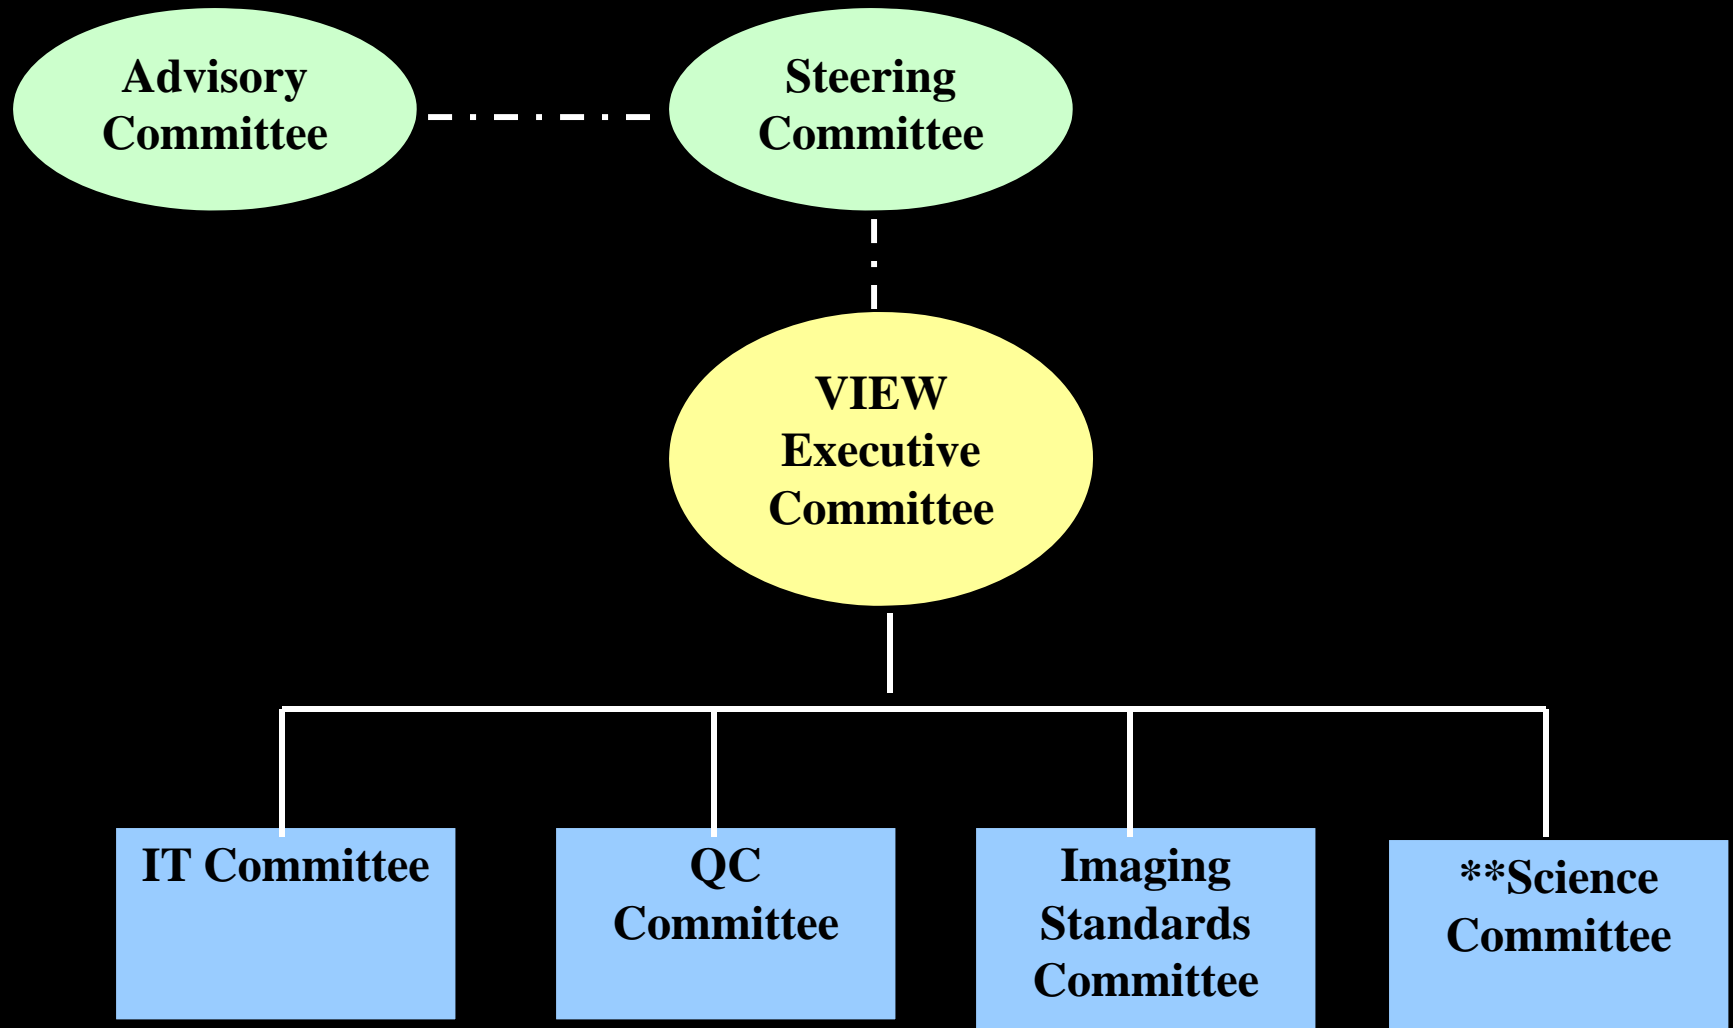

VIEW Services

- **Site credentialing**
- **Image collection**
- **Quality assurance**
- **Analysis**
- **Archive**
- **Image Charter Development**

VIEW Core Principals

- **Service provider**
 - contractor owns rights to image data
- **Move toward Part 11 compliance**
- **Interoperability with caBIG**
- **Advance the science of imaging biomarker development.**

VIEW Organization

VIEW Operational Model

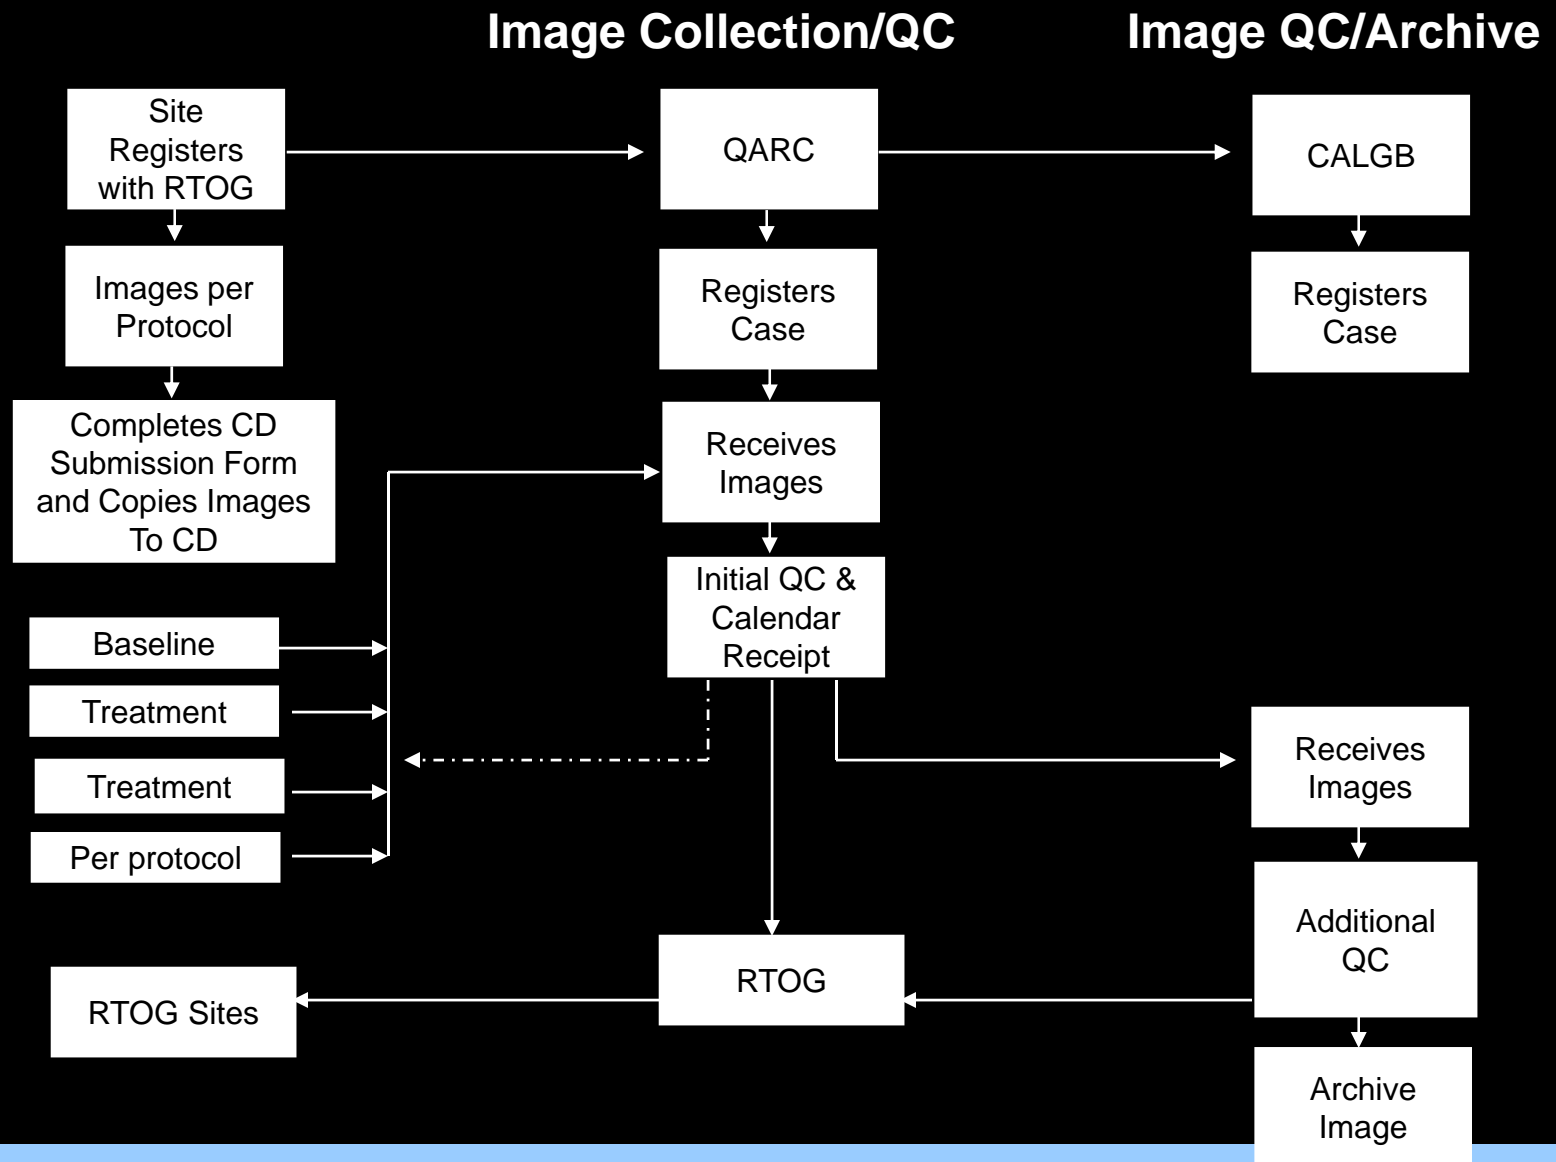

Assign project management to 1 of the consortium members

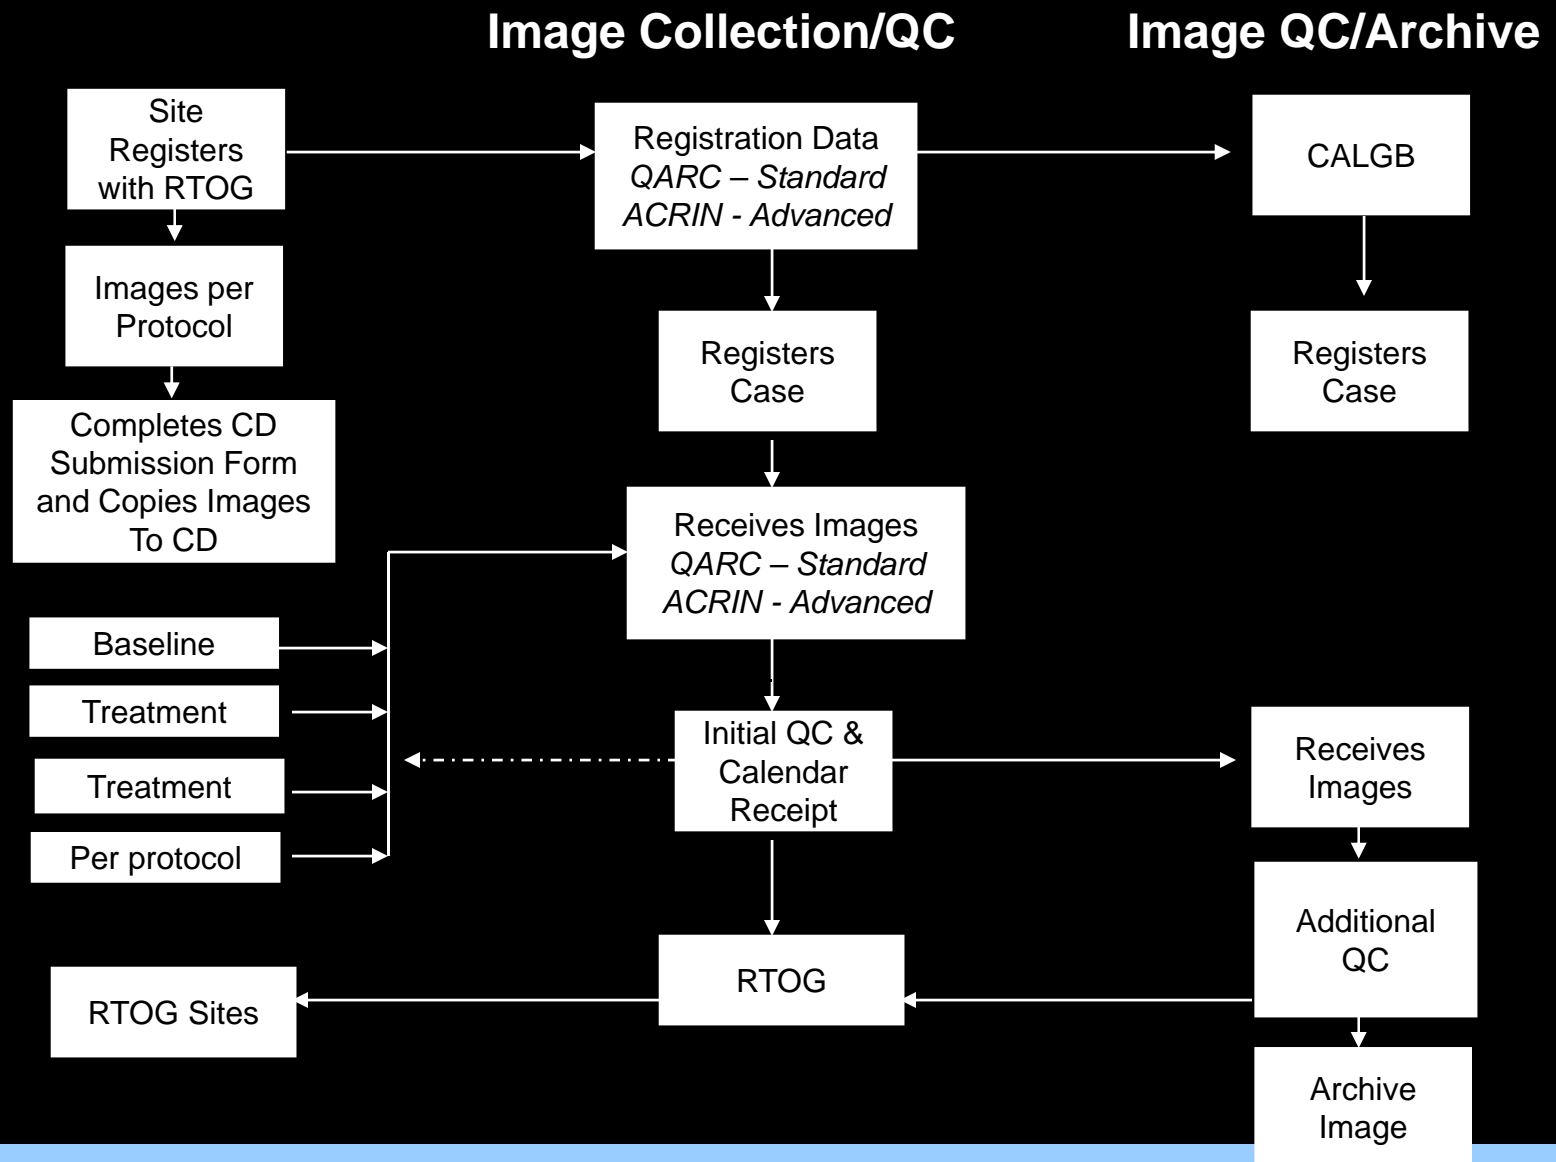

Develop charter and operational model utilizing resources from across the consortium

VIEW Operations Flowchart – RTOG 0825

VIEW Operations Flowchart – RTOG 0825 with Advanced Imaging

Engaging VIEW

- **Administration Headquarters at ACRIN**
 - Charlie Apgar
capgar@phila.acr.org
215-574-3231
 - May engage any of the consortium leadership
- **Engage as early in the protocol development process as possible**
