ATC Tools Status Report

	ATC Submission and QA Review System (Metho	d 1 - in use	2)
	Features		,
Priority	Description	Requested by	Status
	Add additional isodose levels (total of 6 instead of 4 levels visible at once)	RPC	Done 8/6/03
	Retain memory of last protocol visited	RTOG	Done 8/6/03
	DVH defaults to PTV (then ETV, then GTV)	RTOG	Done 8/6/03
1	Add a measuring tool to the RRT	RPC	
	Allow RRT to accept scoring from reviewers	RTOG	Done 12/x/04
4	Online T2 form	ITC	Done 8/6/04
	Move/Copy "up one slice" "down one slice" inside contouring applet	All	
	Identify cases with outstanding problems in the ITC QA database user interface	ITC	
	View more than one slice (not just thumbnails)	ITC	
	Show plan identified seeds on TIPPB plans	ITC	
	Select source for DVH applet (ATC computed, institution submitted, etc.)	ITC	
	Add a margin generation tool to the RRT		
	Establish RRT server at QARC	QARC	WIP 1/17/05
	Implement CD data import into Method 1 database	QARC	Done 12/22/04
	Greyscale preselect menu	QARC	Done 12/15/04
	RRT disclaimer (not to be used for patient care)	ITC	Done 1/x/05
	Interim HDR import allows 3D visualization of dwell positions	ITC	Done 6/x/04
	RRT integrated with Method 1 database		Done 12/15/04
	·		
	Features needing additional specification		
	Extract/export dose planes for phantom dosimetry	RPC	
	Implement brachy plan summary	Study Chair	
	Import HDR into Method 1 database sufficient to allow dose re-calculation	ITC	
	Platform Independent DVH Engine	RCET	
	Puge		<u> </u>
Priority	Bugs Description	<u> </u>	
Priority			F: 1.5/0/0.4
	DVH has problems with small volumes (especially phantom TLDs)		Fixed 5/3/04
	Read non-square pixel US images (need for prostate preplan viewing in RRT)		F: 10/04/04
	Intermittent problem importing dose submitted by the Corvus treatment planning system		Fixed 8/31/04
	Intermittent problem importing contours created/modified using the RRT contouring applet		
	TIPPB plans cannot be recalculated for Method 1 submissions		
	RRT rapid refresh bug		Fixed 1/x/05
	Implant plans with Pd103 seeds not working in FOCUS		Fixed 12/13/0
	Implant plans using RTOG Data Exchange format not extracted properly		Fixed 10/6/04
AT	C Submission and QA Review System (Method 2 -	in develop	ment)
	Features	•
